2024 Product Catalog

The video bar. Reinvented.

Bring-Your-Own-Device video bar offering plug-and-play access to more equal meeting experiences

Fully immersive meetings for everyone

With an array of intelligent experiences, PanaCast 50 brings remote participants into the meeting room to make hybrid working work.

180° FIELD OF VIEW
PANORAMIC-4K

Dynamic Composition
Delivers a close-up view of the 4 most recent speakers in a meeting room for a natural, inclusive experience for meeting participants.

Intelligent Zoom
Uses powerful AI to continuously scan and adjust your picture in real time, ensuring you're always front and center.

Virtual Director
Intuitively follows your meeting by instantly adjusting in real time to track and focus on only the active speakers.

Dual-Stream Whiteboard
Seamlessly brings your whiteboard content to life, displaying both whiteboard content and in-room participants simultaneously.

SRP: Php 99,600

Video Collaboration. Reinvented.

A simple, complete solution that brings hybrid teams together

Fully immersive meetings for everyone

PanaCast 50 brings next-level inclusion to the meeting room

Dynamic Composition
of up to four of the most recent speakers in a meeting room for a natural, inclusive experience for the meeting participants.

Intelligent Zoom
Uses powerful AI to continuously adjust your picture in real time, to keep everyone optimally framed in just the right field of view

Virtual Director
Intelligently follows the flow of conversation naturally and easily with a curated audio-video stream which automatically zooms in to active speakers, and manages speaker transitions gracefully

Live Whiteboard Streaming
Seamlessly brings your whiteboard content to life, displaying both whiteboard content and meeting participants simultaneously.

SRP: Php 330,100

Easy to use. Easy to manage.
For meetings, made simple.

Inclusive meetings at your fingertips

BUILT TO MEET

Our PanaCast 50 Video Bar System that make virtual meetings feel human again. Built for small (up to 5 participants) to medium (up to 10 participants) sized meeting rooms**, for a reinvented collaboration experience.
