2025 PRODUCT CATALOG

Cyber Acoustics a brand recognized for leading innovations in headphones and computer peripherals. Whether for schools, businesses, healthcare facilities, call centers, or homes, Cyber Acoustics addresses real-world challenges using reliable products that focus on providing solutions that simplify life, connect people, and boost productivity.

HEADPHONES

3.5mm Headphones

3.5mm headphone jacks, often referred to as analog connections, offer widespread device compatibility, making them an ideal choice for switching between devices. Our education headsets are durable with extra attention paid to common stress points, which is why our 3.5mm plugs feature a steel-reinforced pin to minimize breakage in devices.

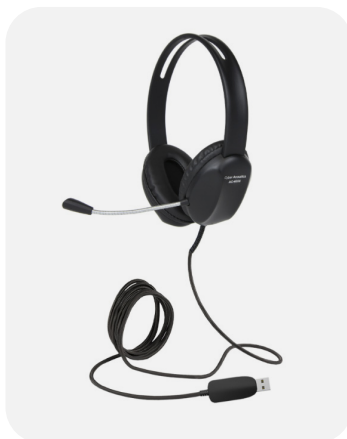

Stereo Single Plug 3.5mm Connectivity

The AC-4000 is a stereo headset built from the ground up for today's most demanding classrooms. It utilizes a single 3.5mm (CTIA compatible) combo plug, compatible with Macs, Chromebooks, most newer PCs, tablets, and more.

AC-4000

₱850

USB Stereo Headset

ACM-6005C **₱1,149**

SPEAKER

USB Speakers

USB speakers offer a convenient, simple way to upgrade your computer audio. Choose from a range of space-saving speaker bars or 2.0 systems for an improved listening experience.

3.5mm Speakers

Cyber Acoustics has been a leader in PC speakers for nearly 30 years and our line of 2.1 speaker systems offer a powerful audio upgrade ideal for desktop computer environments or for console gaming systems. These multimedia speakers deliver crisp highs, warm mid-tones, and deep, powerful bass, making them a perfect option for enjoying music, movies, and games.

Bluetooth Speakers

Experience high-quality sound without the limitations of a physical connector. Offering a more seamless setup, Bluetooth speakers reduce desktop clutter and offer more flexibility in positioning, while delivering powerful audio upgrades to make calls, music, and movies more enjoyable.

**Compact USB Speaker Bar with Integrated Monitor Mount****Computer Speaker with Integrated Monitor Mount**

DOCKING STATIONS

A docking station consolidates and simplifies your workspace. It charges your laptop, manages peripherals (mouse, webcam, USB headset, etc.), supports multiple monitors, and boosts laptop performance. Our laptop docking stations have undergone extensive testing on Dell, HP, Lenovo, and Apple laptops, ensuring they act as a stable base for popular brands. The question isn't if you need a docking station but rather, which one suits your needs best?

CA Essential Laptop Docking Station

The CA Essential Laptop Docking Station DS-1000 is a versatile, compact solution to organize your workspace, power your laptop, and connect all your peripherals with a single USB-C cable. It's TAA compliant and compatible with laptops that have USB-C or Thunderbolt 3 ports.

WEBCAM

Webcams that Solve Modern Meeting Challenges

The CA Essential Webcam Flex gives traditional webcams a modern upgrade, offering a better way to connect with your audience via two unique mounting positions - Center View for easy eye contact and Table View, which turns your desktop into an overhead projector. Give powerful presentations, conduct authentic live interviews, lead captivating webinars and livestreams, or present engaging demonstrations, via a simple, unobtrusive webcam that offers a more collaborative experience for any use.

CA Essential Webcam 1080p HD-AF

With integrated privacy shutter

The CA Essential Webcam 1080p HD-AF delivers remarkably crisp, clear, and detailed images in vibrant colors. The HD Auto Focus and Light Correction adjust to the conditions to provide a consistently high-definition image. The integrated omnidirectional microphone captures the natural sound of your voice and the field of view is wide enough to include a second person.

The CA Essential Webcam 1080p HD-AF ensures you make a strong impression when you are making a key Skype call, Teams call, Zoom call or creating your next YouTube video.

WC-2000 **₱1,999**
